

Durable, Quick and Convenient!

Outdoor Tubular Drinking Solutions

Elkay outdoor tubular units offer attractive durability that withstands the elements. They are designed for high-traffic areas such as parks, pools, golf courses, and educational and work campuses. The resilient exterior is ideal for coastal areas.

ELKAY.
Ingenuity for Everyday Life.

Type 316 Stainless Steel*

- Incorporates molybdenum for increased corrosion resistance.
- Is ideal for high-saline environments such as coastal regions and outdoor areas where deicing salts are common.

Sanitary Freeze Resistance*

Our freeze-resistant models feature completely enclosed and sealed valves to keep water safe from contamination.

*Available on select models

Quick Fill and Laminar Flow

- Quick fill rate is 1.5 GPM, three times faster than a standard drinking fountain.
- Laminar flow produces a clean fill with minimal splash.

Built Tough

- Body constructed of 1/8" thick Type 316 stainless steel.*
- Durable, powder-coated exterior provides superior protection from the elements.
- Vandal-resistant push buttons, bubblers and screws.
