

ELKAY®

Hands Free Water Cooler

Easy, Healthy and Hands Free

Providing a sanitary and healthier drink of cold water has never been easier.

DRINKING WATER IN A MORE HIGIENIC WAY

Our hands free water coolers can be adapted to the needs of your business and architectural construction. These units will allow you to provide water easily and safely due to their sensor activation, which eliminates any direct contact between users and the units.

Learn more about these features:

- **Touchless**, sensor-activated units are designed for easy use and improved hygiene
- **Exclusive fastenerless integrated drain** reduces debris accumulation and is easy to clean
- **Flexi-Guard® bubbler** provides a flexible antimicrobial mouth guard to protect against injury and microorganisms
- **Filters in LZ models are NSF 53 and 42 certified** for lead, chlorine, taste, odor and Class 1 particulate reduction
- **Visual Filter Monitor** for easy notification of expiration
- **Recommended** for indoor use
- **Cooler cabinet finish** available in Gray Granite or Stainless Steel

Available as a single or bi-level unit

Models available according to their voltage:	
FILTERED	NON-FILTERED
LZO8L 115V	EZO8L 115V
